THE MINISTER OF STATE OF THE MINISTRY OF ROAD TRANSPORT AND HIGHWAYS (MAJOR GENERAL (RETD KHANDURI)

(a)&(b): Initially a techno-economic preliminary study was carried out by Central Water and Power Research Station, Pune for the proposed bridge on NH-52 at Chowkighat. However, due to the river changing its course, a new model study needs to be carried out for finalizing the scheme for the construction of the bridge.

(c)&(d): It is too early to indicate these details as the construction of the bridge will depend upon the out come of the study.
